Cover Picture

"Quartz Ledge"

After lying dormant for nearly a century the quartz ledge in South Lyndeboro, owned by Mr. James A. G. Putnam, is now being worked again for the production of crushed aggregate used in the construction of large commercial buildings.

One of the most outstanding buildings in the Boston area is the William James Hall at Harvard University, designed by the famous Minoru Yamasaki.

This summer the material will be shipped out for the construction of the new Boston Federal building.

TOWN WARRANT

The State of New Hampshire

To the Inhabitants of the Town of Lyndeborough in
the County of Hillsborough in said State,
qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in
said Lyndeborough on Tuesday, the 10th day of March,
next at 2:00 in the afternoon to act upon the following
subjects:

1. To choose all necessary Town Officers for the
year ensuing.

Polls open from 2:00 to 7:00 p. m.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same. Namely: Town officers' salaries, Town officers' expenses, Election and registration expenses, Expenses of Town hall and other buildings, Police department, Fire department, Health department, Vital statistics, Insurance, Town maintenance of highways and bridges, Street lighting, General expenses of the highway department, Town Road Aid, Libraries, Town welfare, Old Age Assistance, Memorial Day, Parks and playgrounds, Cemeteries, Interest on temporary and long term loans, Payments on notes in anticipation of taxes, Long term notes, and County taxes.

3. To see if the Town will vote to authorize the Selectmen and the Town Treasurer to borrow sums of money in anticipation of the collection of taxes for the current municipal year.

4. To hear reports of all committees or take any vote relative thereto.

5. To see if the Town will authorize the Fire Department to go to the aid of other towns and cities for the purpose of extinguishing fires therein and to request the aid of Fire Departments of other towns and cities when required for the purpose of extinguishing fires in the Town of Lyndeborough; the requesting town to pay for loss and damage to equipment and for any expenses incurred by the Fire Department rendering such aid, all as provided in Chapter 154, Sections 24 through 30, New Hampshire Revised Statutes Annotated 1955 as Amended.

6. To choose delegates to the Constitutional Convention.

7. To vote on the question: "Shall sweepstakes tickets be sold in this town?"

8. To see if the town will vote to raise and appropriate the sum of \$159.96 (six cents per \$1,000.00 of the town's equalized valuation) to the Monadnock Region Association, an agency to advertise, promote and preserve the natural advantages and resources of the town in cooperation with the other 37 towns of the Monadnock Region.

9. To see if the Town will vote to change the meeting place of regular town meeting and voting place from Lyndeborough Center Town Hall to Citizens' Hall in South Lyndeborough. (By petition.)

10. To see if the Town will vote to accept the budget as prepared by the Budget Committee or make any alterations thereto.

11. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 17th day of February, in the year of our Lord nineteen hundred and sixty-four.

THEODORE D. ROCCA,
EDWARD G. WARREN,
Selectmen of Lyndeborough.

A true copy of Warrant — Attest:

THEODORE D. ROCCA,
EDWARD G. WARREN,
Selectmen of Lyndeborough.

		\$150 00

Respectfully submitted,

WALLACE A. DOLE,

Quartermaster.

LYNDEBOROUGH ROAD AGENT'S REPORT

In this report I will try to brief the people who aren't familiar with the function of our Highway Department.

The appropriation is broken into four parts which are as follows: Summer, Winter, Tar and Duncan Fund. The Duncan Fund is money allotted to the Town from the State according to population, industry and road mileage. The summer money is used for various things. These include grading our forty-odd miles of gravel road, cutting and mowing brush, replacing culverts and general maintenance of our fifty-eight miles of road. This also includes road oil and dust control.

The Duncan Money can only be spent for improvement or construction. This expenditure is made where the selectmen and road agent feel the need is warranted.

The tar money includes the cost of labor, equip-

ment and sand needed to tar three miles of road. We have approximately 18 miles of tar road.

The winter money includes the cost of labor, equipment, sand and salt needed to keep our fifty-eight miles of road in as good a condition as we can.

The equipment owned by the Town includes:

The Austin Western Grader equipped with a plow and wing. This machine is 15 years old and in good running condition.

An International rubber-tired tractor with a "V" plow. This tractor is 18 years old. We depend on this machine more in winter than in summer.

A crawler tractor equipped with "V" plow and two wings. This tractor was purchased in 1938 for snow removal only. We use this in emergency only.

We have two sanders, one power and one wheel sander used in winter only. The power sander is used during our tarring operation.

A York Rake is also included in our equipment. This is used for finish grading of gravel roads.

The Town owns five snow plows, two blade plows and three "V" plows. The Town rents five machines to plow with. These include three trucks and two tractors.

I hope this report will help some of our people to better understand the function of our Highway Department.

Most of the summer maintenance work is carried out by two men. I might include in our duties — we have 66 driveways which have to be plowed during or after a snow storm.

We thank everyone for his cooperation and help in making our work pleasant.

Respectfully submitted,

CLAYTON S. BROWN,

Road Agent.

AUDITORS' REPORT

The books of the following town officers have been audited: Tax Collector, Treasurer, Town Clerk, Selectmen, Road Agent, Trustee of the Cemeteries, Trustee of the Trust Funds, and Trustees of the Library. The receipts and payments of these accounts for the year ending December 31, 1963, were found to be correct and in order, to the best of our knowledge.

Respectfully submitted,

FRANCES P. TOCHER,
MARION B. SIGGENS,

Auditors.

February 20, 1964

LIBRARIAN'S REPORT

To the Citizens of Lyndeborough:

The library continues to be open each Tuesday afternoon from two o'clock till six.

The bookmobile has made its usual calls bringing us many fine books.

The Trustees have purchased a great number of books and we have had gifts of many young folks' books and some very nice adult ones. Four very special books that well might be enjoyed by the adult as well as the young were given in memory of "Sandy" Walker by his parents, Mr. and Mrs. Samuel Walker, Jr.

We have been trying to add a few science books as well as biographies of great scientists. Segregation is also another topic we are interested in.

The McCall's, Saturday Evening Post, Popular Science, National Geographic, Look, Reader's Digest and Time magazines may be found on our library table, as well as many other magazines that have been given. The American Heritage still comes to us as a gift from Mr. and Mrs. Herbert Kimball.

The library circulation this year has been as follows:

Fiction	1017
Non-fiction	781
Juvenile	626
Bookmobile	472

Respectfully submitted,
SABRA C. HAMEL

FIRE CHIEF'S REPORT

The Fire Department answered calls for four working fires and one unnecessary call. We furnished men and equipment twice to Wilton, once to Mont Vernon, and once to New Boston. We had two calls for lost children.

There were two chimney fires, one lumber and grass fire, and one tractor and grass fire. There was no loss of any insured property in town during 1963.

We installed a used, four-year-old, 2-way radio in the new Ford Tanker. Another improvement was the new crystal for the fire alarm radio in the Monitor set, for \$153.61.

We had one tanker freeze and break some pipe and spoil one gate valve, which was repaired by the firemen.

The cooperation of the firemen was greatly appreciated by the Chief.

To report any fire in Lyndeborough, call 654-5775. Give the kind and location of the fire and your name.

Thank you.

Respectfully yours,

EDWARD SCHMIDT, JR.

FIRE WARDEN'S REPORT

There were no serious fires in the Town during 1963.

The cooperation of the townspeople during the extreme dry spell, and the wardens who spent their time patrolling and checking back roads, was greatly appreciated by the Warden.

Valuable time could be saved if the Warden had a 2-way radio for his car. There are many places

where a telephone is not easy to reach when checking out stray smokes.

The people who call when they see smoke are most helpful in keeping the fires under control. Please call 654-5202 if you see one and don't know where it is.

Thank you.

March 1963 training meeting,	
3 Wardens	\$26 26
105 permits issued at 20 cents,

Respectfully submitted,

EDWARD H. SCHMIDT, JR.

Report of the Forest Fire Warden and Your District Chief

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personnel rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience — a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.

2. Carry your rubbish to the public dump — it's safer. A neglected backyard incinerator causes many fires.

3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.

4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Let's all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

REPORT OF OVERSEER OF PUBLIC WELFARE

Year Ending December 31, 1963

Due to Fred Lorette's seeking his fortune elsewhere the Selectmen were fortunate in being able to appoint Bob Johnson as Welfare Officer, a position that he conscientiously accepted and discharged commendably. However, due to reasons unforeseen he was unable to continue, whereupon Theodore Rocca was elected to fill the vacancy.

The town has had three welfare cases this past year.

Respectfully submitted,

THEODORE D. ROCCA

REPORT OF THE BUILDING INSPECTOR

Year Ending December 31, 1963

Permits Issued:

New houses	6
Additions	2
Alterations	1
Install heating systems	3
Chimney repair	1
Commercial buildings	2

It should be noted that any new building and/or alterations of \$1,000.00 or more require a building permit.

Respectfully submitted,

THEODORE D. ROCCA,

Building Inspector.

REPORT OF THE BUDGET COMMITTEE

In order that the voters of the Town may know more about the activities of this committee and its work with the Town and School District officials, this written report is presented as a supplement to the public Budget Hearing and as a means of informing those voters who cannot attend that hearing.

This Committee has met with the various Town and School officers and reviewed with them their budgets for the coming year. In general we are impressed with the fact that these officials are seriously concerned about the need to hold down expenses yet provide the type of town services and education which is demanded by intelligent citizens today. This is not easy in the face of constantly rising costs for everything from snow plow blades to teachers' salaries. It is particularly difficult in a town like Lyndeborough with an extremely narrow tax base, in a state whose own tax structure does not permit the type of financial assistance to towns available in other states.

After studying the Town and School Budgets, we have the following specific comments to make on some of the requests we recommended, which show increases over previous years:

Town Budget

Town Officers' Expenses:

Most of the increase here comes from additional expenses by the Selectmen in perambulating the bounds of the town, a task which must be performed at regular intervals, but which has recently been neglected. The balance is due to the increased cost of supplies and services for the town.

Election and Registration Expense:

These are greater than last year because of the Primary, State, and National Elections to be held in 1964.

Fire Department:

The increase is due to the need of an additional radio which can be used in one of the trucks or as a portable set. Additional hose is also necessary, to replace old and worn hose, and we believe it good economy to allot a small sum each year for the purchase of reasonable amounts of replacement hose rather than have to face a large amount on an emergency basis in one year.

Town Dump and Garbage Removal:

Lyndeborough has no dump, but uses Wilton's instead. This has been the case for some years, but Wilton now feels we should share the maintenance expense. After discussion, the figure of \$200 was agreed upon by the Selectmen of both towns. We believe this reasonable, and far less than it would cost to operate our own dump.

Winter Maintenance:

Since this item has usually run over previous budgeted amounts, we felt it wiser to raise the estimated figure to a more realistic level in the face of continued demands for better plowing, more sanding and salting.

General Expenses of the Highway Department:

Most of the excess in this item last year was due to repairs on equipment, much of it for the town's 18-year-old tractor. We believe it uneconomical to continue to repair this tractor, and recommend that the Moderator appoint a committee of three, one of whom to be the Road Agent, to study the problem of a replacement and bring in a recommendation for action, including a warrant article if necessary, at the next Town Meeting.

Old Age Assistance:

This increase is due to additional individuals receiving aid.

Advertising and Regional Association:

In view of the fact that the town receives limited benefit at best from this type of promotion, we do not recommend this item, believing it one of the few non-essentials which can be eliminated to hold down the budget.

School Budget**Account No. 190:**

An additional amount has been included to cover School Board Members' expenses, partly for meetings in connection with studies for an AREA or Consolidated School.

Account No. 200 — Instruction:

Additional amounts have been requested largely for increases in teachers' salaries, but also for books, supplies, and other items. While the increase for teachers' salaries is probably necessary to permit the School Board to hire and keep good teachers in a tightly competitive market, we believe that the Board can carry out its full program of salary increases without using the entire amount of \$17,534.00 requested for all items in the 200 Account series. We therefore recommend that the total of these items be cut \$200 to \$17,334.00. We also again urge the School Board to establish a definite salary program, perhaps similar to that recommended by this year's Salary Study Committee in Milford, so that we can continue to attract and keep good teachers without needing substantial increases in any one period as was necessary this year.

Account No. 300 — Attendance Services:

This is to pay the Police Department for action in truancy cases. Previously such work was performed by the School Superintendent, or if done by the Police Department, never approached this figure. We do not recommend this item, and feel the School Board should handle it as in the past.

Account No. 700 — Maintenance of Plant:

We recommend only \$1,000.00 for this, feeling the School Board's estimates for the work are generous and that with a little study, care, and competitive bidding, necessary repairs, etc., can be well performed for \$1,000.00.

Account No. 1267:

This item covers a folding partition in the large classroom, which has long been needed. We have investigated various doors of this type and observed other installations. We feel that an accordion-type, steel core, fiberglass-covered partition with low sound transmission can be installed for \$1,100.00. This is similar to that recommended by the School Board, but it is somewhat less expensive. It bears the manufacturer's recommendation for such schoolroom installation, and we feel would be entirely adequate. We therefore recommend only \$1,100.00 for this.

Account No. 1477.1 — Tuition:

This is up because of increases in number of tuition pupils at Wilton and elsewhere, and in the rates charged us by these schools.

1477.3 — Supervisory Union Expenses:

This is our share of the Union Expenses, and is set by and agreed to by the various School Boards of the Union.

1479 — Tuition to other than Public Schools:

This is for two children at the Crotched Mountain Rehabilitation Center School.

Article 9:

This appropriation is dependent upon the establishment of such a special class in a nearby school. We would recommend approval of this article on the assumption that these classes will be provided. The individual education offered should enable these chil-

dren eventually to lead useful lives in our society which otherwise might be denied to them. Furthermore, we believe this special instruction now may well save the town greater expense in the future.

TOWN MEETING DAY

Today is your day.

This is your Town.

In this Country you have the privilege of
speaking freely, without fear.

Today is an important day.

You will choose the persons who will represent
you for a year.

Choose them wisely and then have faith in
them.

A few well-thought-out words without personal
application, but for the good of all, spoken
today, will be of more value than many words
spoken in criticism tomorrow.

Think now — speak at Town Meeting.

(Re-printed from the Town of Islesboro, Maine, Town
Report)

WARRANT FOR ANNUAL SCHOOL MEETING

To the Inhabitants of the School district in the town of Lyndeborough qualified to vote in district affairs:

You are hereby notified to meet at the Lyndeborough School in said district on the fourth day of March 1964, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to raise and appropriate \$1,050. to pay net tuition for three additional children to attend a state approved special class for intellectually retarded children as allowed by Chapter 186:50a R.S.A. or take any action relating thereto.

10. To see if the district will vote a cooperative school district planning committee and to elect the members thereof or determine that they shall be appointed by the Moderator or take any action relating thereto.

11. To transact any other business that may legally come before the meeting.

Given under our hands at said Lyndeborough this 13th day of February 1964.

DUNCAN L. TOCHER,
JEANNETTE M. PARKER,
RALPH A. DWIRE,

School Board.

SCHOOL LUNCH REPORT

The summary below covers the receipts, expenditures and balances of the School Lunch Program for the fiscal year 1962-63:

Cash on hand, July 1, 1962 \$ 298.24

Receipts:

Lunch Sales — Children	\$1,853 25	
Lunch Sales — Adults	155 12	
Reimbursements	428 08	
Miscellaneous Cash	94 94	
Total Receipts	-----	\$2,531 39

Total Available		\$2,829 63

Expenditures:

Food	\$1,182 53	
Labor	1,170 00	
Equipment	34 98	
All Other	12 60	
Total Expenditures	-----	\$2,400 11

Cash Balance June 30, 1963 \$ 429 52

Donations: Food \$1825; All Other \$25.29

I certify that the above information is true and correct; that the cash balance has been determined by actual count and/or verification of the checkbook balance; and that the invoices and other pertinent records as required are on file to substantiate the School Lunch Program transactions.

BARBARA M. SHINN,
Lyndeborough School Lunch Mgr.

July 11, 1963

SUPERINTENDENT'S REPORT

To the school board and citizens of Lyndeborough, I respectfully submit my sixth annual report as your superintendent of schools.

Staff and Instruction

The Lyndeborough School opened this fall with three changes in staff. Mrs. Norma Scanlon of Houlton, Maine was hired to teach the first and second grade room. Mrs. Scanlon attended Aroostock State Teachers College in Aroostock, Maine and has taught in Siberia, Orient and Sherman Station in Maine. Mr. Charles Thomas, Jr. of Gloucester, Massachusetts, a recent graduate of Gordon College in Massachusetts and Nasson College in Maine, was hired to teach the fifth and sixth grade room. Miss Barbara Smith of Brookline, New Hampshire, a graduate of the Sargent School of Physical Education with other courses at the University of New Hampshire, was hired to fill the position as Teacher's Aide. Mrs. Peters continued as principal of the school but assumed responsibility for teaching the children in the third and fourth grade.

The two areas of instruction outlined in last year's program are being continued this year and improved upon in spite of the changes in school staff. The Phonetic Keys to Reading approach is being used in grades one and two, and the Spalding System of reading, writing and spelling is being carried out in other grades.

In the area of mathematics, the modern mathematics approach is being taught at all grade levels, having started last year with grades one and two. It is anticipated this type of program will definitely upgrade the instruction in this area and give youngsters insights and understandings that never could have been expected of these children in the past. The only

factor which could influence the development of both of these programs is a turnover of teacher personnel which would make continuity in the program extremely difficult.

An article is inserted in the warrant to raise money for the education of three children in Lyndeborough, who it is felt would profit most from taking part in an instructional program for intellectually retarded children. The selection of these children for this instruction was made on the basis of individual testing performed by the superintendent of schools. Plans are not definite for a retarded class in the immediate area, but it is hoped that if money is raised, proper help can be given these children. Statutes of the State of New Hampshire allow expenditures to be made in this area and certainly this kind of education is necessary for these children and also aids the children remaining in school.

Building and Grounds

During the present school year a "do it yourself" type of program of roof repairs was carried out by the School Board and it is hoped that the leaking which has been a problem in the middle grade room is solved once and for all. Up to this time, leaking of this roof has not taken place since the repairs were made. The School Board feels that a regular program of school improvement should be carried out and therefore the middle grade room was also painted during this present school year as one step in that program.

In the budget for the ensuing year \$300. has also been included within Item #735 to paint the primary room of the school. In the same item in the budget, approximately \$100. has been set aside for the improvement of desk tops by the custodian. No work has been done in this area for a number of years and it seems advisable to have a few desk tops refinished

each year in order that they be maintained in proper condition.

In Item #790, \$100. has been budgeted for black-topping the area in the corner of the building adjacent to the boiler room and the middle grade room. This area was chopped up several years ago when the oil tank was found to be leaking and has never been restored to its original condition. It is felt necessary to spend this amount of money to improve the appearance of this area that is readily visible from the highway.

Ever since the addition to the elementary school, the teaching staff has been trying to get along with a fabric separator for the large room. As more and more use has been made of the north end of this room for classes for primary children and for special groups of children from the intermediate and the upper rooms, the inadequacy of the fabric separator has become more and more evident. It has been next to impossible to have two classes actively in operation on separate sides of the curtain. Therefore this year the School Board is inserting an amount of money, \$1,500., to install a folding partition to separate these two areas. It is appreciated that this is a fair amount of money, but the partition when closed will have the acoustical qualities of a painted cinderblock wall and yet when open also makes it possible to utilize this large area as one single room for such special school occasions as graduation and various and sundry town activities that require the use of both of these classrooms.

Future Needs

Since early last fall school boards have been involved in discussions directed towards the improvement of instructional opportunities for children. Much of this discussion has centered around educational opportunities at the high school level now and in the

future. Since Wilton High School is somewhat limited in space with no opportunity for further expansion of the present site, the direction of discussion has moved towards the development of a new facility which would be supported on a cooperative basis. The Lyndeborough School Board has been participating in these exploratory meetings as it was indicated they would do at the last school district meeting. Developments have reached a stage, however, where it is necessary, if Lyndeborough is to continue to be a part of the discussions that are taking place, to have a three person committee selected as is required by the new cooperative school law. An article is provided in the warrant for the formation of this study committee. To really allow this committee to carry out its responsibilities in a proper fashion, funds should be provided for this purpose. The School Board feels however, that funds within the budget for their use could be used by the study committee if this need should become pressing.

Finance

There are three primary areas of increase in the budget other than those areas which have already been noted. In the area of Teachers' Salaries an increase of \$600. is shown. Even with this increase the average salary in Lyndeborough is below the average within the supervisory union and the State of New Hampshire. The average is even further below that in southern New Hampshire. Everyone is aware of the fact that a school is no better than the quality of its teachers, thus money spent for good instruction is money that is wisely spent.

A second area of increase worthy of being brought to your attention is in Item #855, Insurance, where an increase of approximately \$80. is shown. This increase is brought about by the Board's decision to increase the insurance on the school building from

\$24,000 to \$36,000. This would mean that the building was insured to about half of the replacement value.

The major area of increase as in the past is in the area of Tuitions, where an increase of approximately \$3700 is shown. This increase is brought about by increases of enrollment and tuition at high school, junior high school and elementary levels. These increases along with other increases and decreases in the budget result in a total amount required to meet the School Board's Budget of \$74,604.40; an increase of about \$5,000 over the total amount for the current school year. However, due to increases in income which are anticipated, namely in Foundation Aid, the increase in the school assessment is approximately but a thousand dollars more than the assessment that was made during this present year for the support of schools.

Special Articles

The special articles in the warrant have already been referred to in this report.

Conclusion

Considering the almost complete change of staff which was made at the Lyndeborough School, it is felt that a fairly successful academic program is being conducted this year. Great difficulty this year, even more than in the past, has been experienced by the Board in finding and hiring good teachers. It seems that each year this becomes a more acute problem as the demand for teachers outruns the supply and those veterans eligible for going back into teaching are slowly absorbed, leaving practically no reservoir to fall back on. The problem becomes even more complicated when one considers the salaries that are being offered in Lyndeborough and the salaries that young graduates can command within twenty-five miles

of Lyndeborough as well as the instructional situation. In spite of these difficulties the School Board has strived to work within the budgetary requirements placed upon it by the town while still adequately providing for the needs of children. The opportunity for movement within these limitations has been extremely restricted. Special credit should go to the teachers who have worked hard to know their youngsters and to work in areas of mathematics and phonetics which perhaps they were not as well prepared for as we would like. Special thanks are in order for Mrs. Peters for working with the staff to make them familiar with practices and procedures expected to be met in the Lyndeborough system. The cooperation and efforts of the teachers and the understanding of the School Board has made possible a satisfactory school year.

Respectfully submitted,

KENNETH A. SARGENT,
Superintendent of Schools.

STATISTICS FOR SCHOOL YEAR ENDING JUNE 30, 1963

	Enrollment						
Grades	1	2	3	4	5	6	Total
Primary	22	18					40
Elementary			20	17			37
Intermediate					16	19	35
